MEMORANDUM FOR: [redacted]

[redacted]
General Graham

SUBJECT: ICS [redacted]

STAT

STAT
STAT

Attached is a draft agenda for the ICS working sessions [redacted] on 13-14 July 1973. If you have suggestions about it, let me know. [redacted] will make necessary and useful logistic information available later.

STAT

Group Work Programs is for mutually informing ourselves and should be based at least in part on [redacted] memo of June 18 on "IC Staff Goals." If you want support of a limited number of your group members during this morning session, they may participate during your hour.

STAT

Modus Operandi and Deficiencies is intended to mutually inform how individual groups are performing their work programs and your views of how this could be improved. Some of what might be discussed could overlap with the following session and might be held till then.

Special Problems covers matters -- please suggest others if you wish -- that might not be covered adequately otherwise.

The discussions on Saturday are intended to see what we've learned and what we can do about it. We can structure this time if desirable on Friday or someone might volunteer a structure.

If you need, want, or recommend any support items, let [redacted] know.
